nurse leadership in World War II, 502
research needed on, 111
Letters to the editor
improving nurses' image, 273
lack of nursing jobs, 325
relationship-based care, 9
Liability claims
healthcare marketing and, 520

M

Magnetism
achieving magnet hospital recognition, 579
using to bridge nursing research and practice, 393
Management
evaluation of chief nurse executive, 458
partnership with staff, 134
span of control and, 395
Management development
improving nurse managers' interviewing skills, 6
Management issues
computer-based system to track patient admissions delayed or rescheduled due to bed shortages, 539
Medication administration
intravenous medication safety system for, 437
Men
advantages in nursing, 78
Mentorship
to recruit and retain student nurses, 551
Multigenerational workforce
issues related to, 493

N

Near-miss events
themes surrounding novice nurse near-miss and adverse-event situations, 531
Novice nurses
themes surrounding near-miss and adverse-event situations involving, 531
Nurses Improving Care to Health System Elders, 451
Nursing education
emergency preparedness competencies and, 475
evaluation of nurse residency program for, 188
graduate nurse experience and, 303
new graduate nurse curriculum for bridging the gap between school and workplace, 338
partnership between nursing education and practice, 26
post-baccalaureate nurse residency program for, 71
Nursing environment
Nursing Engineering Ambassador team for, 423
Nursing process
mapping, 101
Nursing shortage
hospital nurse wages and, 415
keeping the shortage from becoming a crisis, 83
lack of creative and systemic thinking and, 163
staff-management partnership and, 134

O

Operating room
improving coordination, 93
Organizational climate
measurement of, 33
Organizational culture
measurement of, 33
Organizational intervention
participatory, 469
Organizational issues
creating highly reliable hospitals through strengthening nursing, 170
Organizational justice
hospital nurses' perceptions of respect and organizational justice and, 354
Organizational redesign
to support practice, 300

P

Patient education
low health literacy and its effects on patient care and, 440
Patient outcomes
nurse-patient ratios and, 326
Patient safety
intravenous medication safety system for, 437
practice model for, 200
Physicians
enhancing collaborative communication of nurse and physician leadership in intensive care units, 60
nurse-physician co-leadership, 481
Practice
coherence for shaping the practice environment, 173
evidence-based, practice of using, 407
independent, accomplishing patient goals through, 443
integrating research into daily nursing practice, 117
interdisciplinary nurse-physician co-leadership for, 481
organizational redesign to support, 300
organization dimensions of hospital nursing practice, 554
partnership between nursing education and, 26
practice model for patient safety, 200
transformational model for, 180
using magnetism to bridge nursing research and practice, 393
Process improvements
compliance with staffing effectiveness standards, 389
Web-based bidding for open shifts, 487
Professional issues
future for clinical nurse leaders, 257

Q

Quality of care
increasing in home health, 88

R

Recruitment
of advanced practice nurses, staff nursing development as alternative to, 543
engaging staff in nursing recruitment and retention initiatives, 4
healthcare marketing liability and, 520
mentorship program to recruit and retain student nurses, 551
Registered nurses
foreign, 379
practice model for patient safety, 200
RN and unlicensed assistive personnel working relationships in designing care delivery strategies, 19
Research
infrastructure for organizational support of, 346
integrating into daily nursing practice, 117
on nursing administration, 210

Research reflections
intersection of nursing administration research and health services research, 213
research needed in leadership and retention, 111
staff nurse mini-grant research program, 485
using magnetism to bridge nursing research and practice, 393
Respect
hospital nurses' perceptions of respect and organizational justice and, 354
Retention
community in the workplace for, 46
cost of nurse turnover, 554, 562
empowerment model for, 26
engaging staff in nursing recruitment and retention initiatives, 4
job embeddedness and, 216
maintaining and retaining workforce, 268
meaningful retention strategy inventory, 10
mentorship program to recruit and retain student nurses, 551
research needed on, 111
Retirement
nurses nearing, 298
Role conflict
leadership strategies in reducing staff nurse role conflict, 322
